PROWLER XT 650 H1

PROFILE

- Secure UTV driving
- Flexible off road - specialist with tiltable cargo box
- Maximum loading and towing capacity
- Comfortable ride also with toughest work

TRUE COMPANION

The Prowler combines off-road identity with the agility of an ATV that offers big loading capacity. Perfect for all those that want to deal with rough terrain without having to afford a traditional off road vehicle in terms of costs, space and maintenance.

You may complete your vehicle with a variety of covers and cabins in order to make it really weather resistant.

A standard off road front and rear receiver hitch lets your vehicle tow trailers and also mount a snow plow blade and/or further accessories.
